

Name: Aaron Tumbokon

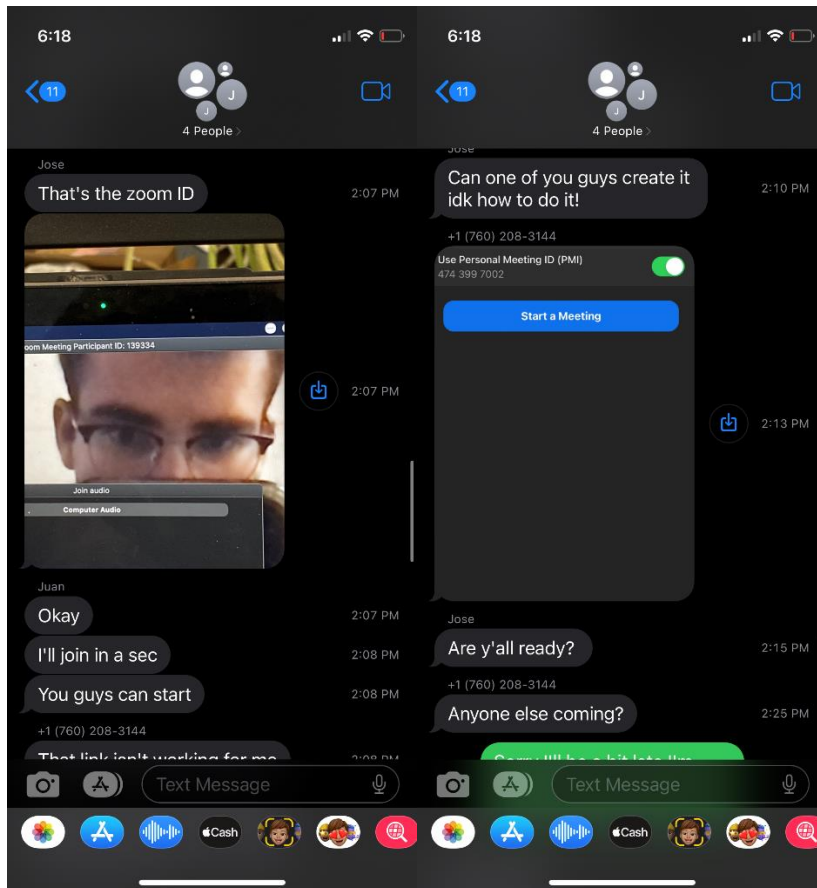

Attendees: Aaron Tumbokon, Juan Zurita, Jose Hernandez, Spencer Nettels

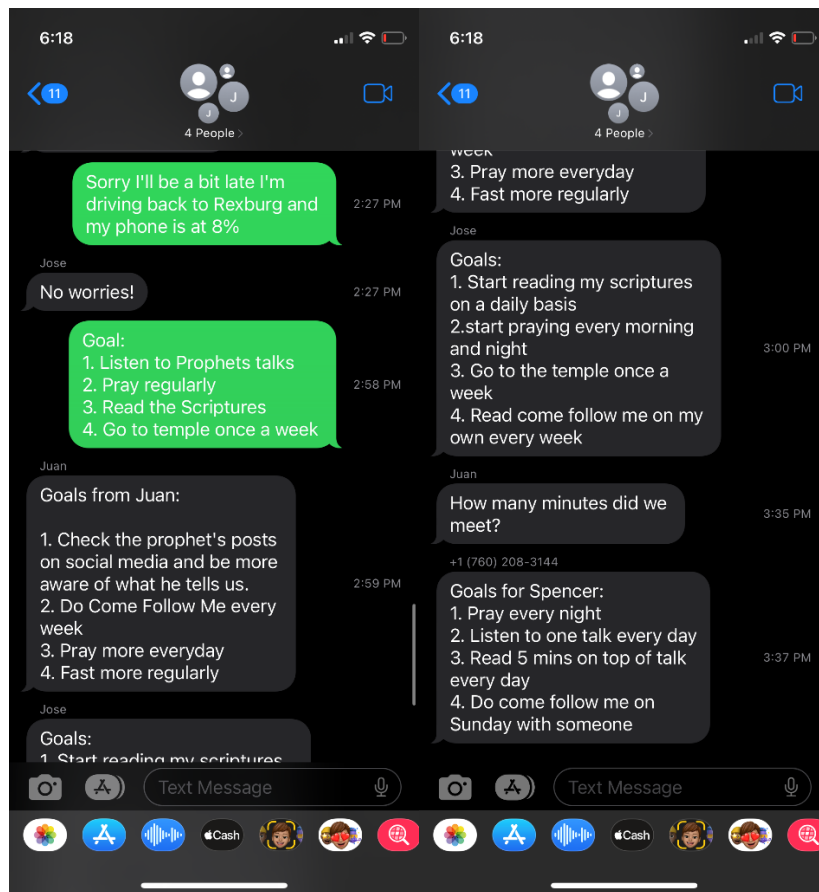

Status of previous Action Items: none

Discuss & Decide on current plans, actions, milestones, and deliverables for Acorn Projects: We have decided to do the Project Mission Focus: Disciples of Jesus Christ. As a team we met through zoom and did a come follow me lesson for Nov 14 – 20.

Assign Action Items: We made 4 goals each according to what we have learned in our come follow me and we have assigned to check up on our progress during the week according to our assigned person and we will discuss and share our insights as a group.

I was not able to record our zoom meeting, but I screen shotted our discussion through zoom with timestamps:

According to the timestamps, we started the meeting around 2:07pm and ended around 3:37pm meaning we met around 1.5 hours

We have only started with our acorn goals this week and we have only done the learning as a disciple of Jesus Christ.

The principles we have covered for this meeting are, Teamwork because we will be checking on one another. Influence, because as we follow the goal, our actions will change and so is our influence to one another and to other people around us. Personality because as we continue to follow Jesus Christ, our personality will change into a more Christlike personality. And Motivation because we have assigned to check on each other that will keep us motivated throughout the goal.
